Commencement—1940

These are the days when everyone looks forward and onward to the future. For many of us, our days at Gould Academy will soon be over, and graduation of 1941 will remain a crowning glory. Just as important though past and gone was the Commencement of 1940.

At 10 A.M. strains of the familiar "March of the Priests" played by the Gould Academy band under the direction of Anton E. Mainente announced the entrance of the student body.

Following the processional an invocation was delivered by Rev. H. T. Wallace, and "Vindabona" was played by the band. Earl Williamson, Jr., gave the address of welcome. Following came the transferring

of the Twentieth Century Banner by Gurdon Buck to Romeo Baker, president of the class of '41. Mary Buck presented the gift of the graduating class, a magazine rack to be used in the library, to the school. The gift was accepted by Principal Philip S. Sayles.

Of a little different though enjoyable nature was the flute solos, "Andante" and "Valse", played by Mr. Mainente. Miss Althea Parker '40 accompanied him on the piano.

Then the curtain went up on the pageant, "No Retreat", which was presented by the seniors under the direction of our speech teacher, Miss Mary Soule.

Anne Ring '40, delivered the valedictory address, and then the awards were made

EDITORIAL BOARD

Left to Right: Front row: Clayton Crockett, Leslie Wight, Jeanne Hall, Lucia Packard, Amy Bennett, Lillian Leighton, Natalie Foster. Second row: Edward Bean, June Chipman, Romeo Baker, James MacKenzie, William Fillebrown, Muriel Hall, Elizabeth Gorman. Third row: Robert Golderman, Rosalie George, Fern Lane, Dorothy Fish, Marian Wight, Louisa Bacon, Rachel Gordon, Herbertina Norton. Rear row: David Hawkins, Bernard Bartlett, Erik Brown, Elmer Runyon, Glendon McAlister, Robert Clement, Elwood Ireland, Jr.

by Principal Sayles. Anne Ring, Sherman Williamson, Mary Buck, Kathryn Davis, Madelyn Bird, Rodney Wentzell, Robert Billings, and Ruth Bull were elected to the National Honor Society. To Anne Ring was given the honor of having her name engraved on the Honor Shield and the Scholarship Shield. The numerals of the class of 1940 were to be engraved on the Scholarship Cup. Anne Ring also received a gift of the "Readers' Digest". The Rensselaer Polytechnic Award for excellency in mathematics and science went to Sherman Williamson; the Becker College Medal for prominent commercial work, to Kathryn Davis. Madelyn Bird, Mary Buck, Ruth Bull, Kathryn Davis and Virginia Davis

won medals honoring their outstanding work in athletics. To all of them, our congratulations!

The diplomas were then conferred by Principal P. S. Sayles to the seniors, and their work of four years was brought to completion. Rev. M. A. Gordon pronounced a benediction, and the graduation exercises were over.

The events of the day were not finished, however, for the customary Alumni Luncheon was held at the Marian True Gehring Students' Home at 1:00 P.M. Highlights of the luncheon were a welcome to the class of 1940, officers' reports, greetings from the "Five Year Classes", music by the

Gould Academy Band, and several baritone solos by Walter Leary of Hollywood, Calif.

Dancing to the music of Lloyd Rafnell's orchestra was enjoyed at the Senior Reception held in the gymnasium in the evening. Despite the many farewells, joy reigned supreme.

So, lest we forget the friends and memories of graduation day, June 6, 1940, let us dedicate these words to the occasion it honored.

Junior Notes

The Junior Class elected the following officers:

President	Fremont Ireland
Vice-President	Rachel Field
Secretary	Herbertina Norton
Treasurer	Whipple Abbe

We welcomed as new members to our class Gretchen Brooks, Norman Farrington, Marjorie Foster, Mark Harvey, Fremont Ireland, Oliver Morton and Janet Smith.

JUNIOR PERSONALS

"He's a jolly good fellow,
Which nobody can deny."—Whipple Abbe
"Her world was ever joyous."

—Priscilla Abbott

"Nature made him what he is,
And never made another."—Virgil Adams
"Good humor is the health of the soul."

—Marjorie Alvord

"I will express myself in my own words,
and whoso chooseth to laugh, let him laugh."

—Nicholas Amato

"I sat me down and thought profound,
This maxim wise I drew:

'Tis easier much to like a girl,
Than make a girl like you."

—Edward Bean

JUNIOR CLASS

"A tripping, fair, light-hearted girl."

—Hope Bean

"Her voice was ever soft, gentle, and low,
an excellent thing in a woman."

—Muriel Bean

"Her hair was a waving bronze, and her
eyes,

Deep wells that might cover a brooding
soul."

—Ruth Bean

"Live for today

Tomorrow is a dream."—Ruth Bennett

"She has eyes as blue as damsons,

She has pounds of auburn curls,

She regrets the game of football

Is prohibited to girls."—Emma Blake

"I was short when I was young,

And I've been short ever since."

—Virginia Blake

"Her fingers shame the ivory keys,

They dance so light along."

—Gretchen Brooks

"My thoughts are my own, a penny cannot
buy them."

—Milton Cameron

"'Tis not the size that makes the man,

But the cranial vault, and contents of the
brain."

—Arthur Chayer

"Always cheerful, always happy,

With a smile that's hard to beat."

—Jane Chesley

"Forward and frolic and glee was there,

The will to do, the soul to dare."

—Marion Colby

"Send away sorrow, cast away care."

—Theresa Coolidge

"There are metres in verse,

There are metres in stone,

But the best of all metres

Is to meet her alone."—Irving Cummings

"On with the dance! let joy be unconfined."

—June Enman

"He was a good-hearted and agreeable
fellow."

—Norman Farrington

"Her friends there are many,

Her foes—are there any?"—Rachel Field

"She, while her companions slept,

Was toiling upward in the night."

—Dorothy Fish

"Look on the sunny side and make your
dreams come true."—Marjorie Foster

"Her heart is light from morn till night."

—Carroll Gay

"I am sure care is an enemy to life."

—Lorraine Gaylord

"Happy am I, from care I'm free!

Why aren't they all contented like me?"

—Rosalie George

"A maiden never bold;

Of spirit still and quiet."

—Abigail Gill

"A steam engine in trousers."

—John Haines

"The world knows nothing of its greatest
men."

—Mark Harvey

"Fields are won by those who believe in
winning."

—Fremont Ireland

"Oh! Gee!—it's great to be free,

No wedding bells shall ring for me."

—Ruby Jewell

"Perhaps she'll grow."—Madelene Jordan

"It is not what we read, but what we re-
member that makes us wise."

—Violet Kasregis

"Our greatest glory consists not in never
falling but in rising every time we fall."

—Charles Knight

"Tall and slender in form, like the lilies
one finds in a meadow."—Patricia Laverty

"I cannot check my girlish blush,

My color comes and goes;

I redden to my finger tips,

And sometimes to my nose."

—Barbara Linnitt

"Ask me no questions and I'll tell you no
fibs."

—Earl Littlefield

"Haste makes waste, therefore I never
hasten."

—Lewis Littlehale

"Ah, but dere's mischief in his eyes."

—Delwin Long

"Not so very tall, not so very fat,

But a loyal friend, for all of that;

A little bit quiet, you may have surmised,

But when you know her—oh, you'd be
surprised."

—Alzena Lord

"Maidens should be mild and meek,
Swift to hear and slow to speak."

—Susie Lovejoy

"He's winding up the watch of his wit, by
and by it will strike."—Oliver Morton

"Whatever you do, aim to excel,
For what's worth doing is worth doing
well."

—Herbertina Norton

"Manhood is not measured by the size of
the chest, but by the quality of the heart."

—William Robertson

"Just tall enough to be graceful,
Just dainty enough to please."

—Elizabeth Runyon

"I never let pleasure interfere with my
education."

—Elmer Runyon

"Good temper is like a sunny day,
It sheds its brightness every way."

—Janet Smith

"My heart, like the moon, is always
changing."

—Ellen Peabody

"Love many, trust few,
Always paddle your own canoe."

—Margaret Stevens

"He would not wink, because he said
It looked like exercise."

—Charles St. Thomas

"Never idle a moment, but thrifty and
thoughtful of others."

—Ruth Walker

"Quiet people are welcome everywhere."

—Madlyn Waterhouse

"Boys, boys, everywhere,
But not one I can get,
But don't you fool yourself, because
I'm bound to get one yet."

—Helen Williamson

"Deal gently with me, ye who read."

—Elizabeth Gorman

ELIZABETH GORMAN

SOPHOMORE CLASS

Sophomore Notes

Last year began the series of four years for another class that will in 1943 say good-bye to Gould Academy. Our president, Malcolm Brown, is in his second term of office. (Perhaps next year he will become the second F. D. R.; who knows?) Our vice president this year is Carolyn Wight. Ruth Areson keeps the minutes of our meetings and we trust Dick Jordan with our class funds; maybe the reason we trust him is because we have none.

In the world of sports we have some very good promises, and promises were made to be kept. We have musicians of both the producing and the listening type, mostly the latter, with many varieties of music included. We sophomores learned the difference between character and reputation in English class, at least we were supposed to have, weren't we, Mr. Chivers? Don't blame us if we fail to show the difference in the denotations that follow. Well, so as not to keep those of you in the receiving line in the dark any longer, here goes! Meet:

Ann Andrews—Who would rather dance than do English, any day.
Phyllis Andrews—Always smiling like the sun when it's not behind a cloud.
Ruth Areson—"We'll find a flat, dear."
Wilma Bean—Sweet and shy.
Alice Bennett—A very likable person.
Shirley Bennett—She "Fleas" from school.
Vernon Bennett—He likes western movies and hill-billy songs.
Violet Brooks—The fast worker.
Malcolm Brown—Up and coming skier.
Albert Buck—Who tends our wants any afternoon at Farwells.
Marion Chapman—Stop traveling!
Nora Chipman—The cold Poland Spring water makes her eyes sparkle.
Ida Lee Clough—Basketball is right down her alley.
Wilfred Coolidge—Silence is golden.
Dominic DiVito—Tall, dark and handsome.
Arlene Donahue—A new bowling fan.

Mary Dorion—She's definitely a roller-skating enthusiast.

Dora Gallant—Guard 'em up there, Dora.
Robert Golderman—Truly a second Julius Caesar in every way.

Rachel Gordon—"Miss Valedictorian, 1943".

Carolyn Goudy—A sweet little chatterbox.
Barbara Graves—A barrel of fun.

Robert Greenleaf—Young Paganini.

Doris Hadley—"Dark Eyes".

Pauline Hinkley—She knows how people feel.

Francis Holt—Come out of the fog, Francis, before you get lost.

Raymond Holt—I'll bet he forgot his absence slip today.

Dick Jordan—His smile could stop an army.

Beverly Kneeland—Life is one grand picnic.

Geneva Lane—She has art talent.

Thelma LaTulip—She's a one way person, the good way.

Vera Leighton—True as her name.

Josephine McMillin—What's the great attraction in skiing, Josie?

Nancy Martin—"Bubbles" Rand of the future.

Glendon McAlister—There is something promising in him.

Clarence Morgan—If he's not on detention, he's lost.

Kathryn Morgan—Just like mother.

Gladys Neuswanger—A heart with revolving doors, admitting new love as the old exits.

Guy Parker—Carefree.

Harlan Penny—"Big Harl" alias "Snowflake."

Ivy Philbrook—Dancing at Abner's.

Barbara Poole—Novelty department.

Margaret Procter—Loud laughter bespeaks the empty mind?

Hugh Scarborough—The Pony Expressman.

Homer Smith—Chief hobby: being absent. Sometimes we wonder.

Roscoe Swain—English prodigy.

Clayton Sweatt—We hear he's interested in radios.

Jean Tirrell—What did mother say?

- Robert Townsend—When he talks there's a wide gap in the conversation.
- Marion Waterhouse—"Still water runs deep."
- Floyd West—"Pudge" has a daily workout on a bicycle.
- Carolyn Wight—We can't find any fault with her.
- Elizabeth Wight—Our trusty pianist for varsity glee club.
- Winfield Wight—Half back and advancing.
- Roger Williams—A dealer in weeds and cans; and next to last, but not least.
- William Wright—Born a century too late.

So now that you have met fifty-seven of us, have I convinced you that "variety is the spice of life"? I hope so.

One more sophomore,

LOUISA BACON

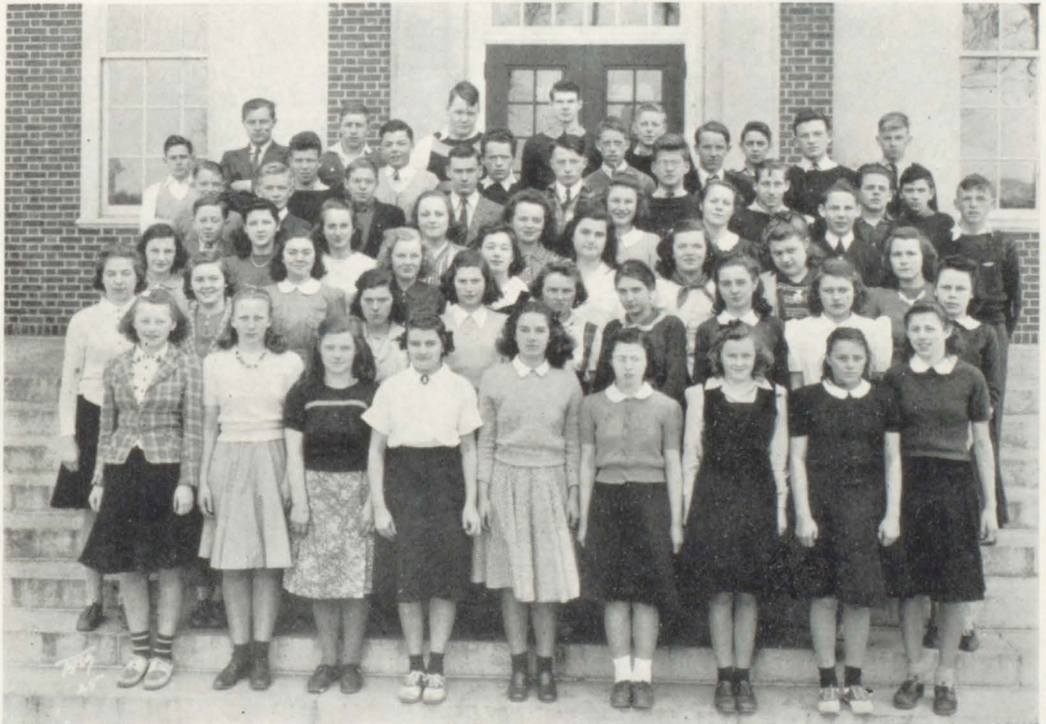

Freshman Notes

WE, THE CLASS OF '44, entered Gould Academy in September and began the next rung in ascending the ladder of knowledge and success.

Our class consists of sixty-six members. We elected officers with the following results: David Hawkins, president; Anna Aldrich, vice president; Barbara Coolidge, secretary; and Gilbert LeClair, treasurer. Stanley Davis ran a close second for the presidency, the first ballot being a tie. Both are members of the student council.

We selected light peach and royal blue as our class colors, and "Work Conquers Everything" as our motto.

Several of our rugged members turned out for the football team, and seem promising. We also have some ski enthusiasts, with the contribution of two members to the ski team.

FRESHMAN CLASS

Several girls participated in the Girl Reserves, basketball, hiking, skiing, and hockey. No doubt many of our class will be out for either baseball, track, or tennis in the spring.

During the inter-class competition, our basketball team fought hard, but the odds were too heavily stacked against us. In skiing, our talent became more noticeable, but we allowed the juniors to walk away with top honors.

Other activities which received contributions from our class are Camera Club, Orchestra, Band, Outing Club, and Glee Club.

We are striving to support the ideals of the school and to maintain a high standard for our class throughout our following years at Gould.

School Notes

The following are selections from an old diary discovered among the papers of the late Sally Jones. They are included in this text book, not so much for their literary merit, as for the descriptions given of life in a typical 20th Century school. The author, Sally Jones, appears to have been enrolled as a student of Gould Academy, in Bethel, Maine.

"SEPT. 17. School began its 104th year of existence today, with the largest enrollment in its history. There are students from nine states and one foreign country.

Since our former principal, Philip S. Sayles, resigned last spring, we have a new director, Elwood F. Ireland. Mr. Ireland is a graduate of Bates College and has received his master's degree from that institu-

SENIOR CLASS

tion. Before coming to Gould he was Principal of Newport High School in Vermont.

In addition to a new principal, there are five new faculty members. Miss Elizabeth Mutch, who is the Latin and Ancient History teacher, comes to Gould with twelve years' teaching experience in the schools of Vermont. Many of her pupils have majored in Latin in college, and have later become instructors of Latin, which speaks highly for Miss Mutch.

Mr. Edmund Vachon, the French instructor and director of extra-curricula activities, was formerly Principal of Cabot High School, Vermont. The girls had high hopes when they first saw him, but were disappointed on hearing that he was already married.

Mr. Howard Chivers, English instructor and director of winter sports, is a graduate of Dartmouth, where he was captain of the winter sports team. He was a member of the U. S. Olympic Team to Chile in 1937, and would have gone to Norway this year, except for the War.

Miss Harriet Durkee, the History instructor and director of Debating has taught previously at Norwich Free Academy and at Berwick Academy. The boys took one look at Miss Durkee today, and then mobbed the office to sign up for American History.

Miss Ann Griggs has charge of a new department at Gould, that of Music Appreciation and its related subjects. Miss Griggs has taught music for 15 years, and has been outstanding in her ability to train glee clubs, orchestras, and choral groups.

OCT. 12. Parents' Day was celebrated today, with a football game in the afternoon between Gould and Norway High. After the game, there was a tea for the parents in the girls' dormitory, followed by a dance at the gymnasium.

OCT. 17. A demonstration movie film was shown today entitled, "The Middleton Family at New York Fair". There will be demonstrations of two more machines, and

then the one which gives the most satisfaction will be purchased for the school.

OCT. 18. This evening, a debate was held in the gymnasium between Bates College and Vermont, with Mr. Ireland acting as Chairman. The question for debate was, "Resolved: That the power of the Federal government should be increased." No decision was made, but the question was later thrown open to the audience for discussion. This was the first time an affair of this nature has been held at Gould, but it was greatly enjoyed by the student body, and it is hoped that many more may be held in the future.

Nov. 1. Tonight was the big event for the "Freshies", for they were guests of honor at the annual freshman reception. The gymnasium was appropriately decorated with evergreens, corn stalks, and pumpkins. Music for dancing was furnished by Lords' Orchestra.

Nov. 4. We got into the election fever this morning when we were advised to vote for Wendell Wilkie and Franklin Roosevelt, by James MacKenzie and Romeo Baker, respectively. It seems a pity that we cannot vote tomorrow, now that we are so well informed on the issues at stake.

Nov. 7. The installation of the members of the Student Council was held today with an impressive ceremony. The officers are President, Erik Brown, Vice President, Hartwell Blanchard, Secretary and Treasurer, Lucia Packard. The Student Council is a newly formed organization at Gould and we hope that some fine work may be done in it this year.

Nov. 11. Songs appropriate to Armistice Day were sung in assembly this morning. At 11:00 o'clock, all activity ceased, while Francis Gilman played Taps on his trumpet. We could almost feel the spirit of the Unknown Soldier saying, "If ye break faith with us who die, we shall not sleep—," and we stopped to consider present world conditions, and how we, as young men and women, might help to keep that faith with the unknown soldier.

Nov. 27. Hurray! School closed for Thanksgiving vacation today. Turkey, here I come!

DEC. 9. School was shut down today because of the measles which are sweeping over Bethel and the outlying districts. Hope I don't get it!

DEC. 31. School began today after our prolonged absence, and as someone puts it, "That was what I call a *measley* vacation!"

FEB. 3. We were given a "pep" talk today in Morning Chapel on "School Spirit", by Robert Golderman. It seems that we are a school without student interest. Well, perhaps we have fallen into a lethargy of some kind; anyway, "let's snap out of it and show our stuff."

FEB. 6. About 175 new books were taken to the boys' dormitory today for the use of both girls and boys. Among the books is a new set of Encyclopedia Brit-

tanica, as well as much of the latest fiction and non fiction."

The accounts of the remaining events of the year have not been located as yet but the above dates give an accurate insight into the school year of 1940-1941, as seen by Miss Sally Jones.

Who's Who And What's What In Marion True Gehring Students' Home

Allow me to introduce the occupants of the Marion True Gehring Students' Home and their latest escapades.

First of all, I want to speak for everyone in extending a welcome to Alzena Lord, a newcomer in the dormitory.

GIRLS' DORMITORY

The next person to catch our eye is Janet Smith, one of our ardent sport fans, who is especially interested in skiing. (We wonder why). While on the subject of sports, I must advise anyone who wants to see a second Sonja Henie to go up to the rink and watch Carolyn Goudy. She certainly is easy on the ice!! Doris Hadley, on the other hand, appears to enjoy hiking immensely. She always seems to be well-chaperoned. (I do not mean by teachers).

This year for the first time, Gould elected a queen to rule over carnival events. Rachel Field, that pretty little red-head from Hebron, had that honor.

Now a few words about our musicians. Nancy Martin, our "bobbed haired bandit" can be heard almost any time rendering a selection to the accompaniment of Mary Lou Hamilton, our accomplished pianist. Two other young ladies with promising voices are Ruth Areson and Thelma La-Tulip. Both of them had important parts in the musical comedy, and did a fine job. If you want to be serenaded a la Gene Autrey, just ask Kay Ripley and she will sing gladly to the accompaniment of her guitar. When you hear the strains of a classical melody being played on the piano, it will undoubtedly be Priscilla (better known as Pussy) Abbott. The favorite pastime of Ann Andrews and her roommate Lorraine Gaylord, is harmonizing in the shower. Their specialty is "Tell me why the Stars do Shine." Why not try the radio, girls? Last but not least, is Ann Aldrich who has shown her skill in playing the trumpet on several occasions.

Eva Lawry has learned from experience that it is more advisable to use two safety pins to fasten her choir skirt than one.

And now, gentle readers, I shall tell you something of the love affairs of the dorm. June Chipman, Miss Bailey's "bright and shining light" in math class, keeps affairs of her "H (e)art well" to herself. However, everyone knows that Gladys Neuswanger has been keeping two love-stricken sophomores in suspense for months. Is it that hard to make up your mind, Gladys?

If you see strange lights flashing from one of the windows facing the boys' dorm, don't be surprised. It's only Marian Wight signaling with her flashlight to a certain Mr. Brown. "Pat" Lavery from Hebron goes home as often as she possibly can. I wonder what the attraction is. Nora Chipman shows quite an interest in the president. (not F. D. R.). You're not planning to enter into politics, are you, Nora?

Barbara Linnitt is noted for thriftiness. She found a "Penney" last fall, and she's been "Holden" it ever since. The biggest scramble of the year will occur when Lucia Packard graduates to see who gets Virgil Adams, an eligible junior. I wonder who will be the lucky young lady. At five of six nearly every night Marjorie Alvord opens her window, and starts playing her "vic" (extra loud). It couldn't possibly be for the benefit of one of the boys coming over for supper, could it, "Gigi"?

Dancing is a popular pastime in the dorm. Something that no one should miss is Margaret Chaffee demonstrating her skill in the terpsichorean art. What form!! What grace!! Another sight for sore eyes is Muriel Messinger, that "killer diller" from Toronto, and Ellen (Phoebe) Peabody tripping the light fantastic up and down the hall, while Janet Smith croons "Sugar Blues".

It's an easy matter to recognize "Jini" Lindquist. Either she'll be saying, "Do you really think my hair is growing longer?" or "All I had for dinner was a slice of meat. Is that fattening?" Maybe she'll be chewing violently a piece of Double Bubble Gum. Peggy Procter is another one of those people who is supposedly on a diet. However, if you had sat at her table for two months as Yours Truly did, you would wonder if she were dieting to gain or lose.

I have always marveled at those people who don't mind answering letters. Carroll Gay is one of these. She gets an astounding amount of mail every day. Some is censored from Canada; some is from a certain cadet at Culver; and there is even some

from Australia. Her roommate Jane Chesley, is, also, corresponding with a certain somebody at Culver. No, that continuous tapping that you hear from four in the morning on is not a machine gun in the distance. It's only Gretchen Brooks typing letters. Barbara Niles (so I heard from one who should know) writes very convincing notes. Please don't ask me what kind.

Our three shower fiends, Marjorie Foster, otherwise known as—(Oh! I forgot, she asked me not to mention her nickname) Margaret Stevens, and Suzy LaZure, may be found anytime from six-thirty to seven steaming up the bathroom by turning on all the showers full force. By the time they get through it is impossible to see a foot ahead of one.

Jeannette Sargent is forever rambling on about the merits of her hometown, Poland, Maine. Now our valedictorian (take a bow, June) comes from there, too.

Louisa Bacon is one of the few girls who doesn't seem to mind studying. Sometimes she even gets up early in the morning to finish it. Such industry!! Leslie Wight, also a student, is the girl to whom all the juniors run just before school when they want some French or geometry done.

I'd like to say something about our hidden geniuses. Take Barbara Graves, for example. Very few people know that she wrote a poem about every girl on third hall. Imagine that! "Vi" Kasregis excels all in story telling. If you want nightmares, just ask her to tell one of her ghost stories. If they don't send the chills up and down your spine, nothing will. Miriam Bull and Peggy (Peanuts) Cates, those two artistic young ladies on third hall, have done some really fine work in Art Club. Ask one of them to show you her letter holder or pencil sketches sometime.

If you walk into Room 1 and see Betty Runyon fitting dresses on a doll, you will be getting a peep at our future Adrian at work.

Phyllis Andrews is the gal who sits at the table and slams herself. What's the

matter, can't you think of remarks about other people, Phyllis?

And that finishes — Say, I almost forgot our beloved faculty!! Well, I'll start with the first floor where we find Miss Bailey to whom we all run with our troubles (particularly in math). On the same floor is Miss Staples, our school nurse, who can be easily identified by the germicide bottle she carries. As we go up to second hall we see happy Miss Soule swinging up the hall singing "Only Forever". Also on the second floor is Miss Stevens whose idea of paradise is sitting by the window and crocheting. Down at the other end of the corridor we find Miss Durkee, who is making a noble attempt to learn Spanish, and Miss Hanscom, who teaches us our "one two brush-brush". Up on third hall is Miss Lundy, whom we can always depend upon to chaperone us skiing or skating, and Miss Mutch, our new Latin and History teacher, who came with Mr. Ireland from Newport, Vermont. Last but not least is Esther Burris whom we wish success in her very trying typing class.

Thus, dear readers, I end my lengthy epistle, sincerely hoping that no one will be offended by my unintended slams.

JEANNE HALL

Holden Hall

(Excerpts from a Student's Diary)

SEPTEMBER 19

Well, here we are, back again for another year.

First of all, we have a new house-master, Howard Chivers. We are expecting great things of him as a ski expert.

Our first house-meeting is over, and one of the many things we were told was that we are going to have a student council in the dorm. The main purpose of the council will be to act as a middle body between masters and students, with all worth-while ideas of the fellows being presented for consideration at a meeting of council and masters. This is all a new venture for Gould. The fellows all seem to favor the idea.

The football season is now under way, and has started with a bang and a crash. The loudest one was when "Dan" Williams broke his ankle; the next when Mark Harvey's collar bone parted. This group was led by ever faithful "Otto" Haines, of skiing fame, who used a pair of his own trousers to start with, coach finding it necessary to order a double extra oversize.

OCTOBER 1

Last Sunday Mr. Chivers and Mr. Bowhay, with the help of Miss Lundy, twelve girls, and sixteen boys, filled the new bus and went to Mt. Washington for the day. We went up through Huntington Ravine, and came down by way of Tuckerman's.

Well, last night we had our election for the council. Erik Brown is president, and "Shorty" Blanchard the other senior, with myself, "Bob" Golderman, and "Dave"

Hawkins holding down the junior, sophomore, and freshman positions respectively.

Several contests of skill are fiercely raging, the pool tournament taking the spotlight, followed by tennis. The football season is progressing and our fellows are doing well. "Whip" Abbe, Erik Brown, "Win" Wight, and "Reggie" King all playing a snappy game.

The question of radios has presented itself again. It was carefully considered, and passed on by the council and masters. This gave some of the more skeptical fellows more faith in the council.

Our tournaments came to an end the other day, and the final results were: "Ted" Jenks pool champion, with "Bill" Bull taking over in tennis.

OCTOBER 15

Last night we gave our first "dorm" party of the year. All of the girls from across

BOYS' DORMITORY

the street were invited. The high-light was the interest shown in the shuffle-board court, "Shorty" having done a "swell" job in painting it.

NOVEMBER 1

It doesn't take Mr. Chivers long to get started. Today he put in a call for help in building a new ski jump. He succeeded in gathering a likely looking group of young engineers. The most faithful of these from the dorm are "Mal" Brown, "Milt" Cameron, and Mark Harvey.

A startling discovery has been made; our funds are low!

NOVEMBER 15

The football season is over. Erik, "Virg", "Whip", and the rest of the fellows all did a swell job. Because of cooler weather, the pool sharks have started to huddle even closer to the table.

During the last week, the jump has progressed to a point where only snow is needed. Today everyone was out trying his skis. Tomorrow noon we leave for Thanksgiving vacation. This evening everyone is busy packing.

DECEMBER 1

Once again we have returned to our much loved studies. But this time it is only for a little over two weeks, and then Christmas will be here. There are a good many cases of measles in town. We don't know what to expect!

"Virg" went into the infirmary with the measles. This started many rumors circulating that school was going to be closed.

During this great crisis, the basketball season got under way, with our leading player "Nick" Amato out to make the first team.

Monday night rolled around and one of the rumors settled down; we were told that school would close on the following day. For the rest of the evening the dorm was in an uproar. Everyone wanted to use the phone at once. It isn't every day that we get out of school on the tenth of December for Christmas vacation.

DECEMBER 30

It was a sad day when that letter arrived from school saying we had to be back today. But here we are all set to start the new year with a bang.

Tonight we had a New Year's Eve party, followed by a dance at the gym.

JANUARY 1

The first snow storm of the new year!

Yesterday, a group of us were standing in front of the dorm, and in a couple of minutes we saw a hat moving along on a level with the snow banked up by the road. We watched and before long "Dave" Arnold turned in and came up the walk. What snow we have has drawn out the enthusiasts. Leading the list is "Ken" "Schuss-boomer" Dunlop. He goes over to the "kitchen" and rides the "Thunderbolt" wide-open, not because he wants to, but because he can't slow down.

The basketball players have just come in from an evening's practice. "Charlie" St. Thomas, my good-looking roommate, just flopped down on the bed with a tired look in his eye. We also expect him to run a fast quarter in track, come springtime.

There goes "Ted" into his room. He is another who is doing well. He also plays a nice game of baseball and tennis and is one of our leading artists.

"Bob" Townsend is one of those unlucky fellows. He is in the infirmary with the chicken-pox. He missed the measles, but couldn't get away from everything.

"Bill" Clapp can be found in the basement any day. He is working on what he calls a snow-sled. He usually has a way with anything that can be taken apart, *but with this, seeing is believing.* With him is usually "Jim" MacKenzie who just "putters" around. "Jim" is one of the pool sharks.

JANUARY 15

The ski season is well under way. Erik, "Mal", "Bill", "Virg", and "Tom" Jacobs all doing well, and I have been falling around behind them somewhere. "Bill" and Erik won't be back next year, and they will be missed. "Bill" is a quiet fellow

and is one of our hard working waiters. He gave up a career in basketball to ski, and has developed into a good four-event man. Erik turned out to be a good cross-country runner. Even at that he still finds time for writing "fuzzy" poetry. "Tom" is one of the fast talkers, and does a lot of it while in the middle of a jump. When "Virg" can't be found out on the cross-country trail, he is usually in his room taking care of his barber shop. Surprising as it may seem, many of the fellows trust their hair with him. Our manager, "Bill" Fillebrown is working hard downstairs. He is being kept busy waxing skis, but being a good-natured chap, he does it without a murmur. "Mal" has become a great little skier.

Among our group of non-skiers are "Russ" Penney, who with his wireless "vic" and large stack of records keeps everyone with radios happy. "Red" Barlow is a model builder, and turns out some of the best looking boats you could hope to see. For the first time in more than three years, he has started to cast his eyes "across the street". We also have "Cannonball" Wright. He is only happy when he is yodeling. (We understand something happened to a record he played too often.) Another of this group is "Wes" Garland. He is always willing to do someone's difficult work for them, just what for, we can't figure out. With these select few belong the Bennett brothers, Vernon and Arnold. These boys are from somewhere "up-country", and like to get off now and then to go home for a quiet week-end. From the same neck of the woods come "Shadow" Littlehale and "Pudge" West. They are two more that can be added to our list of skiers.

FEBRUARY 1

This month started with a new business venture. "Dan" and his roommate "Whip" have opened shop, and are selling chocolate bars and coca cola. "Whip" is a good business man, and at present is out in the corridor drumming up some trade. "Dan" is in the room telling the boys there's nothing like germicide for broken ankles.

New talent has come to the front. Mr. Rathbone and Mr. Bowhay decided that a bit of snow sculpture would add a new touch to the carnival festivities. With this in mind they set to work, and turned out two good looking pieces, Mr. Rathbone constructing a penguin, and Mr. Bowhay, a seal.

Last night the rains came, and the carnival went by in a flood. The loose ends were picked up and a very successful Carnival Ball was held. "Shorty" went to work and spent all day in the gym decorating the basketball floor, where he has been playing a nice game. He also plays a flashy game of tennis, and throws the discus a goodly distance.

FEBRUARY 15

From today on our library is going to look more like its name implies. About one hundred twenty-five books were put on the vacant shelves. Included are all types of fiction, non-fiction, plays, poems, and books of reference. Hand-in-hand with this came the results of a request for late study hours. This was presented by the council a short time ago, and was approved by the masters.

When spring started to poke her head around the corner the other day, talk started. This came from a new fellow who arrived last fall with a slight limp. He is Lloyd Burnett, and he still thinks that there's nothing like riding a motorcycle. More or less along this same line comes "Dave" Hawkins. He must spend all of his spare time reading scientific books and magazines.

MARCH 1

The biggest and best dorm party ever given at Gould took place this evening, and the boys gave it. We have Mr. Bowhay and Mr. Chivers to thank for it. The main feature was the manner by which admission was charged. "Dick" Peabody and "Than", our two musicians did several numbers. "Dick" is the popular mailman, (when you get a letter), and an all-around fellow. While "Than", who falls into a mood now and then and at present is wrapped up in

something blond, has been here the longest of any of us. The shining light of the foolishness was our master of impersonation, "Goldy". He did his best performance yet, and got the biggest laugh of the evening.

A light snow storm brought the boys out again. "Hank" Haley is down stairs now, telling them just what kind of wax to use. "Hank" is a rough and ready sailor. He is capable of breaking more skies than any other human I have ever seen. Right next to him is "Big Harl" Penney. "Big Harl" has that gift of gab, and is telling everyone who will listen, just how well he is going to do during the inter-class ski meet.

There goes the familiar voice of "Win" calling to "Chief" DiVito, and the all too familiar answer of the "Chief". I guess "Win" is stuck again with his Latin translation. These two are a great pair, and come from the cocky sophomore class. "Andy" Blackwood just came in and sat down. He has been quieter than usual for the last month (I can't imagine what for). I just came up from the music room where I was listening to "Fran" Gilman practice on his trumpet. "Fran" keeps to himself most of the time, but he certainly makes that horn talk when he gets started.

MARCH 15

"Ozzie" Morton is a great swimmer, but stopped short in that as a career to help out with national defense. For the last few weeks, he has been very busy building model planes.

Instead of the proverbial wolf knocking at my door it is a shark, and its name is "Jim" MacKenzie, the editor of this year book. He says that everything for this article must be in by tomorrow. So, goodbye! It has been fun relating the happenings of the year.

Girl Reserves

The Girl Reserves cabinet consists of the following members:

President	June Chipman
Vice-President	Barbara Luxton

Secretary	Muriel Hall
Treasurer	Hope Bean
Social Chairman	Helen Williamson
Program Chairman	Muriel Bean
Worship Chairman	Rachel Gordon
Music Chairman	Carolyn Wight
Membership Chairman	Ida Clough
Refreshment Chairman	Alzena Lord
Club Reporter	Rachel Field
Poster Committee	Lillian Leighton
	Marian Wight

The initiation of new members was held at the William Bingham Gymnasium, October 15th, with all new members present. After the initiation the following girls were elected as delegates to the Girl Reserve Conference to be held at Portland: Marian Wight, Muriel Hall, Hope Bean, Muriel Bean, Carolyn Wight, and Nora Chipman. The girls were accompanied by June Chipman, the president, and Miss Stevens, the faculty adviser. On their return they gave a report to the club and it was quite evident that they had not only had a splendid time but had heard some excellent speakers, and learned a great deal that was really worthwhile.

The Girl Reserves, like many other organizations, had to give up their Christmas program because of the measles epidemic. Now that illness is less prevalent, they are well on their way to finish their interesting and instructive program for the year.

Camera Club Notes

On October 9, 1940, the Camera Club started on its third and most successful year with the following members: Romeo Baker, President; Fremont Ireland, Treasurer; Virgil Adams, Secretary; Ann Andrews, Ann Aldrich, Earl Barlow, Bernard Bartlett, Edward Bean, Hartwell Blanchard, Irving Brown, Albert Buck, Wilbur Bull, Minot Clapp, Marion Colby, Stanley Davis, William Fillebrown, Wesley Garland, Robert Greenleaf, Carolyn Goudy, Sidney Howe, David Hawkins, Glendon McAllister, Mr. Bailey, Faculty Adviser.

Meetings were held the first Thursday of every month and the method of taking pictures, developing and enlarging was learned by all. Each month, interesting and instructive film lectures from the Eastman Kodak Company were shown to the members of the Club.

On October 20, an all-day trip was taken in the school bus to Little Concord Pond in Woodstock and a number of pictures were taken from the summit of Bald Mountain.

At Christmas, the Club printed and sold Christmas Cards with pictures of the various school buildings on them.

Pictures of the Musical Comedy, "Go West Young Man" were also taken by several of the Club members and put on sale for the student body.

Public Speaking

Public speaking is a vital part of our everyday living, and the ability to present an idea effectively is an art to be desired by all.

It is compulsory for those who attend Gould and has proven to be a very profitable course. The freshman and sophomore classes have been learning the fundamentals and basic rules of speech, while the upper classmen have been memorizing and presenting original and interpretative passages.

The process by which the subject is treated is the following: all pupils must realize that reading is a communication of thought, a transference of ideas from one mind to other minds so as to influence their thinking in a different manner. They are also taught smoothness (continuity of thought), animation and volume (value or weight), and the importance of keeping their audience always in mind.

Next year it will be given to all who enter Gould for the first time. Under the direction of Miss Mary Soule the department is reaching a new high.

DEBATING

Faculty adviser: Miss Harriet Durkee

Members of the debating team: James

McKenzie, Lucia Packard, Amy Bennett, Fern Lane, Bernard Bartlett, Robert Golderman, Deborah Farwell, Romeo Baker, Howard Grover.

The topics for discussion in which all members of the debating team have taken part have been current subjects such as:

"Reelection of Roosevelt"

"Hours for Gould Library to be Extended"

"National High School Question"

"The Power of the Federal Government Should Be Extended"

On October 23 the team made a trip to Lewiston to attend a Debating Clinic. Two of its members, Lucia Packard and Romeo Baker, took part in the extemporaneous speaking contest.

Through the efforts of our principal, Mr. Ireland, an Intercollegiate Debate was held here on October 18. The topic of discussion was: "Resolved: That the power of the Federal Government be increased." It was upheld by the University of Vermont, taking the affirmative side, and Bates College, taking the negative side. An interesting and intelligent discussion was carried on that will be of great help to our team, which is now preparing that same topic.

Music Notes

During 1940 and 1941, music has become a very important part of Gould's schedule. Miss Ann Griggs from Newport, Vermont, who was added to the faculty this school year, has been very successful in stimulating interest in music.

The Capeheart reproducer and turntable, which was given to the school last year by the Carnegie Corporation, has been used and much appreciated by the whole school as well as by the music classes.

The four glee clubs have given opportunity for the greatest number of students to take part in musical programs. The largest of these is the Freshman-Sophomore Girls' Glee Club, which has thirty-five members. The Junior-Senior Girls' Glee

Club has twenty-eight and the Boys' Glee Club, made up of boys from all the classes, has fifteen. The Varsity Glee Club, which is made up of the best from all the glee clubs, boys' and girls', has 38 members. Each glee club meets once a week on different days.

The Boys Glee Club sang at the Congregational Church this fall at which time Wilbur Bull gave a flute solo and Thomas Jacobs played a saxophone solo.

Another popular method of developing musical training is the Orchestra. It has been very successful this year, and has quite a number of members. They are:

Violins: Robert Greenleaf, first violin; Muriel Hall, Ida Clough, Marcia Smith, David Arnold

Trumpets: Anna Aldrich, first trumpet; Francis Gilman, second trumpet

Clarinets: William Fillebrown, Alice Pierce

Alto-Saxophone: Thomas Jacobs

Tenor-Saxophone: Stanley Davis

Flute: Wilbur Bull

Bass: Fremont Ireland

Piano: Mary Lou Hamilton

Drums: Robert Clement

The Orchestra and Varsity Glee Club are going to be entered in the Maine Music Festival in Portland, and again in the New England Festival in Lewiston in May.

Miss Griggs has had charge of all the above mentioned activities, and, also, of the music appreciation classes held this year.

ORCHESTRA

Left to Right: David Arnold, Ida Clough, Muriel Hall, Marcia Smith, Mary Hamilton, Francis Gilman, Robert Clement, Anna Aldrich, Elwood Ireland, Jr., Wilbur Bull, Stanley Davis, Thomas Jacobs, William Fillebrown, Alice Pierce.

These classes are held three times a week, and are open to *any* pupil, who is interested in music.

The Band, also, has had a successful year, and has the following members:

Clarinets: Richard Peabody, Hugh Scarborough, William Fillebrown, Floyd Bailey, Alice Pierce

Flute: Wilbur Bull

Trumpets: Anna Aldrich, Carol Robertson, Russell Penney, Francis Gilman, Gilbert Leclair

Saxophones: Thomas Jacobs, David Arnold, Stanley Davis

Mellophone: Jack Haines

Trombone: Harlan Penney

Baritone: Fremont Ireland

Bass: Nathaniel Bartholomaei

Drums: Robert Clement

Piano: Elizabeth Wight

The Band is better than ever this year and is learning some new music at this time.

The Band, Orchestra, and Glee Clubs gave an interesting concert on January 7, under the direction of Miss Griggs and Mr. Mainente.

This concert was well attended and greatly enjoyed.

On February 14, the Musical Clubs, under the direction of Miss Griggs, presented a Musical Comedy in the Gym entitled "Go West Young Man".

The Musical Comedy is the first thing of this kind that Gould has had for a number of years. It was well played and much enjoyed by everyone who saw it.

It would seem that we have a great deal of talent in the school, and we hope that it will continue to grow.

With the proceeds from the comedy, the school bought drums, orchestra bells, and other percussion orchestral equipment.

Miss Griggs has various other appearances scheduled for the spring months.

Our new principal, E. F. Ireland, has had a great interest in music, has studied voice, and has assisted in the development of the music course. He has allowed the use of the school bus in which to go to the Community Concerts. About thirty boys and girls bought tickets and have seen: Anna Kaskas, leading contralto of the Metropolitan Opera Association; Yehudi Menuhin, famous violinist, and the National Symphony. The first concert was in Auburn, and the last two in Portland. It is also planned to see Dorothy Maynor, Negro singer, at Portland.

The group that went to these concerts enjoyed them and extends its appreciation to Mr. Ireland and Mr. Henry Bennett, the driver, for the opportunity to see the concerts.

Home Economics

The Home Economics Course consists mainly of the study of Foods, Clothing, and Housekeeping. The classes meet a short distance from the main building in the "cottage", and are under the direction of Miss Margaret Stevens.

Upstairs, pupils are taught sewing in a group. The beginning classes start with the study of the machine, and use of sewing equipment. The first projects are simple, such as making aprons and holders. These are later followed by more difficult articles, such as evening gowns and coats. Also in the class pupils are taught the

fundamentals of textiles, art principles, grooming, fads, styles, child care, and home furnishings.

Cooking is taught in the kitchen downstairs. There the students are divided into two's and four's according to the number in the class. Each girl, regardless of her class, has a turn at duties connected with housekeeping. The beginning "foods" classes learn to work in the kitchen and to prepare and serve breakfasts. This leads to a study of luncheon and dinner dishes, which are served in luncheons to the faculty. Each girl either serves as a hostess or assistant hostess, with a cook and two waitresses as helpers. The hostess plans the menu, place cards, decorating, and greets the guests. The assistant hostess helps with the cooking, and entertaining of visitors. The waitresses seat and serve the guests. Besides actually learning to cook, the pupils learn the art of buying and the care of foods, manners, food values, and diets. Interesting movies have been shown this year taking up in detail meats, fruits, and cotton, which have been a great help to the Home Economic Students.

One day each year, is set aside as "Parent's Day", when the cottage as well as the Academy is visited. The Home Economics course may be used in the years to come in whatever profession you may choose to follow.

Notes From The Shop

Mr. Fossett's freshman class is turning out very good work although no machines are used the first year. The class was required to make knife and fork trays. Some of the other projects are sewing screens, bird houses, book cases, desk lamps, necktie racks, and similar articles. The following are the members of this class: Richard Walker, Richard Tyler, Robert Stearns, Richard Kirk, Arnold Bennett, Francis Berry, Kenneth McInnis, Richard Brado, George Bryant, Raymond Swan, Cleveland Lovejoy, Stanley Davis, Sherman Emery, Ruel Swan, and Harlan Penney.

During Mr. Anderson's special course in drawing, he has had a group of freshmen working in the shop. The following boys are the members of this class: Robert Kellogg, Ernest Grover, William Grover, and Kenneth Dunlop.

The following boys are members of Mr. Anderson's manual training classes:

Sophomores: Albert Buck, Wilfred Coolidge, Robert Greenleaf, Francis Holt, Richard Jordan, Glendon McAlister, Clarence Morgan, Guy Parker, Hugh Scarborough, Homer Smith, Roscoe Swain, Clayton Sweatt, Robert Townsend, Francis Vail, and William Wright.

Juniors: "Whip" Abbe, Virgil Adams, Edward Bean, Mark Harvey, Charles Knight, Earle Littlefield, Delwin Long, Bill Robertson, Lewis Littlehale, "Bud" Runyon, Carlton Barker and Vernon Bennett.

Seniors: Earle Barlow, Hartwell Blanchard, Clayton Crockett, Philip Cummings,

William Fillebrown, Howard Grover, Lee Hutchins, Robert Lowe, Robert Morrill, George Stearns, and Lee Swan.

Special Course in Drawing: Minot Clapp, Irving Brown, Lloyd Burnett, Nathaniel Bartholomaei, Lee Swan, James McKenzie, "Bud" Clough, and Milton Cameron.

One of the finest pieces of furniture produced was a graceful davenport table by "Whip" Abbe. The most popular project proved to be a gun rack built to hold two or three guns and drawer for shells.

Popular projects on the lathes were nut bowls, sewing blocks, lamps, fruit bowls, candle sticks, and small trays.

Some of the other interesting projects are a sixteen room bird house by Earle Barlow, writing desk by Howard Grover, Victrola record cabinet by Clayton Crockett, end tables by Billy Robertson, a maple chair and end table lamp combination by "Bud"

MANUAL ARTS EXHIBITION

Runyon, wall shelf by Lee Hutchins, and many other projects too numerous to mention.

Minot Clapp has been a constant worker in the shop during his spare time in his efforts to complete his "snow-mobile", which he may have in operation about June 1st.

During a great part of the early winter the manual training shop looked much like a ski factory with skies stacked against the walls in the process of reconstruction and refinishing.

During the year players' benches have been built for the girls athletic field, a complete Shuffle Board set was made for the boys' dorm. Practical work by a number of the boys has been the repairing and re-conditioning of the old pieces of furniture.

Mr. Ireland, Mr. Vachon, Mr. Hanscom, and Mr. Anderson had a manual training class all of their own during the mid-winter vacation.

Mr. Fossett is building a gun cabinet and now only needs a cabinet for his fishing equipment.

The Annual Manual Training Exhibit was held in "The Shop" on Thursday, March 27. The projects of the various boys were on display so as to give parents and friends an opportunity to see the work. The variety of projects made a very pleasing exhibition. During the exhibit George Stearns, Earle Barlow, and Howard Grover worked on the turning lathes for the benefit of the visitors.

WILLIAM FILLEBROWN

Commercial Notes

The office practice group this year consists of seven senior girls. This group has helped immensely in making programs for various clubs, Freshman Reception, Carnival Ball, and the musical comedy, "Go West Young Man." Helpful instructions were given to this group in designing covers and other such things on the mimeograph by a representative of A. B. Dick Company. Other classes of the commercial department also have helped by stapling and folding.

The use of the adding machines has been stressed more this year than in previous years. In fact, on each adding machine a series of twenty lessons has been given. A new crank-driven calculator will be added to the other machines in the commercial department. Also there will be a set of twenty lessons on this calculator.

When we consider how many have gone from this school and have followed up commercial work, we should be very proud of our commercial department. Some of these are: Barbara Lyon, who has attended Northeastern Business College, is now employed in a bank in Portland, Maine; Mary Clough is attending the Maine School of Commerce at Auburn, Maine; Madeline Bird is attending the Maine School of Commerce at Auburn, Maine; Sylvia Bird is employed at the office of Gould Academy; Rodney Wentzell is attending Burdett Business College in Boston, Massachusetts; Kathryn Davis is attending Westbrook Junior College at Westbrook, Maine.

ATHLETICS

TRACK

The Gould Track Team rounded out the 1940 season by winning the County meet. The first practice, held on the gymnasium track before the snow departed, found the team fairly well supplied with letter men from '39. This asset, added to the large number of new candidates, produced a team which came through the season with a very good record.

The first meet was a three-cornered affair with Norway, South Paris and Gould competing at Norway. The Gould team showed up well with a final score of: Gould 52, Norway 33, and South Paris 23. Tucker was the star and scored 14 points. Here is a summary of the events:

100 yards—Won by Tucker (G); second, Woods (P); third, Dyer (N). Time 10.2 secs.

220—Won by Woods (P); second, Hall (N); third, Buck (G). Time: 23.1 secs.

120 Yard Low Hurdles—Won by Runyon (G); second, St. Thomas (G); third, Boyce (P). Time: 14.8 secs.

High Jump—Won by Palmer (G); second, tie between Cobb (N) and Tucker (G). Height: 4 ft. 10 in.

Pole Vault—Won by Luck (N); second, tie between Carry (P) and Farnum (P). Height: 9 ft. 9 in.

Broad Jump—First, tie between Brown (G) and Tucker (G); third, Abbe (G). Distance: 18 ft. 1½ in.

440—Won by Woods (P); second, Hall (N); third, Brown (G). Time: 58.9 secs.

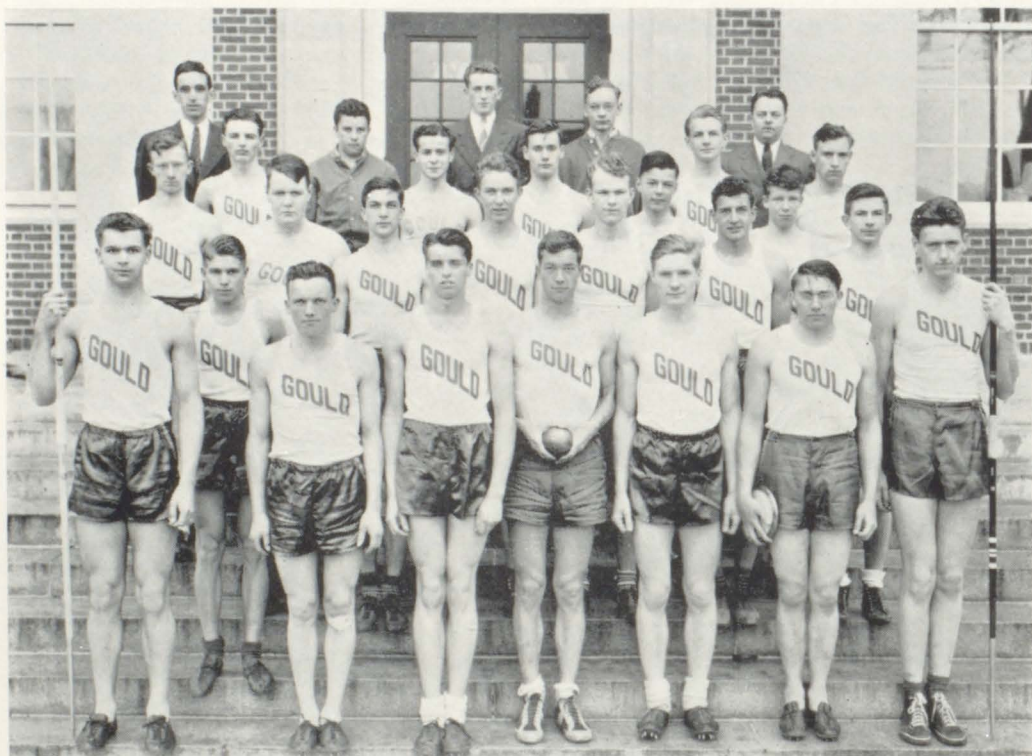

Half Mile—Won by Dixon (N); second, Kimball (G); third, Cummings (G). Time: 2 min. 15 secs.

Mile—Won by Grover (G); second, Dixon (N); third, Cummings (G). Time 5 min. 6 secs.

Shot Put—Won by Howe (G); second, Tucker (G); third, Roberts (N). Distance: 38 ft. 7 in.

Discus—Won by Cobb (N); second, Roberts (N); third, Wylle (N). Distance: 91 ft. 1 in.

Javelin—Won by Libby (P); second, Howe (G); third, Dow (N). Distance: 152 ft. Final Score: Gould 52, Norway 33, South Paris 23.

TRACK TEAM

Left to Right: Front row: Whipple Abbe, Raymond Swan, Howard Grover, Charles St. Thomas, Sidney Howe, Erik Brown, Lewis Littlehale, Hartwell Blanchard. Second row: Earle Barlow, William Grover, Richard Peabody, Robert Morrill, Reginald King, Irving Cummings, Wilbur Bull. Third row: Winfield Wight, Dominic DiVito, David Hawkins, Floyd Bailey, Malcolm Brown, Ernest Grover, Vernon Bennett. Rear row: Coach Robert Rathbone, Mark Harvey, Henry Haley, Milton Cameron, and Assistant Coach Edmond Vachon.

The second meet took place on the Gould track and found the locals minus their star miler, Rupert Grover, high jumper, Earl Palmer and outstanding hurdler, Elmer Runyon. Norway turned the tables and copped this meet by a small margin with South Paris trailing in third place.

It was in the last and most important meet, however, that the boys of the "Gold and Blue" really showed their superiority. In the Oxford County meet, held at Gould we came up against some real competition with the large Stephens High team from Rumford, as well as the teams from Norway, South Paris, Fryeburg Academy and Mexico. "Sid" Howe was high point man with first in the javelin, first in the broad jump and second in the shot put for a total of 13 points. Runyon took our other first in the hurdles. The score was close enough to create much excitement and the spectators were kept well informed by the new amplifying system on the field. The summary:

Hurdles—Won by Runyon (G); second, E. Brown (G); third, Atwood (R); fourth, O'Dell (F). Time 14.9.

880—Won by Young (R); second, Cairns (SP); third, Dickson (N); fourth, R. Grover (G). Time 2:11.6.

440—Won by Blovin (R); second, I. Brown (G); third, Miles (M); fourth, Woods. Time 58.2.

Mile Run—Won by Dickson (N); second, R. Grover (G); third, Noonan (R); fourth, Atwood (R). Time 4:50.

High Jump—Won by Dawson (M); second, Gallant (R); third, tie between O'Dell (F) and Cobb (N). Height 5 ft. 4 in.

Shot Put—Won by Kersey (R); second, Howe (G); third, Roberts (N); fourth, Dawson (M). Distance 40 ft. 9 in.

Broad Jump—Won by Howe (G); second, Tucker (G); third, Mayo (R); fourth, Gallant (R). Distance 18 ft.

Javelin—Won by Howe (G); second, Dow (N); third, Libby (SP); fourth, Palmer (R). Distance 153 ft. 5 in.

The Track Schedule for 1941 is as follows:

April 26—Dual meet with Edward Little at Gould

May 10—Quadrangular meet: Gould, Edward Little, Wilton, Rumford, at Rumford

May 16—Triangular meet: Gould, South Paris, Norway

May 24—County meet

May 31—State meet

Gould record holders were honored by having their names and records engraved on the plaque presented to the school by the class of 1939. These records are as follows:

100	C. Tucker	11
220	I. Brown	25
440	I. Brown	57.2
880	R. Grover	2.14
Mile	R. Grover	4:50.4
Low Hurdles	E. Runyon	14.9
Shot	S. Howe	40'
Discus	H. Blanchard	90'5"
Javelin	S. Howe	153'5"
Pole Vault	W. Bull	8'9"
High Jump	C. Tucker	5'4"
Broad Jump	S. Howe	18'

This plaque should prove a great incentive to the members of this year's teams to go out and break those records, and have their name engraved in place of the present holders. Our coaches, Mr. Rathbone and Mr. Vachon promise us a great team in 1941. There are several stars left from last year and a full battery of new candidates. Track practice was held in the fall and should make for a better team. This year's schedule isn't completed yet, but some information is available. Veteran Sydney Howe has been elected captain by the letter

men and Henry Haley is to be manager. Five meets are planned, including the county and state meets. This is two more than usual. A new act of rules has been drawn up for an interclass meet. The members of the class team which wins this meet will be awarded their numerals. With such a schedule and a team which promises to be able to carry it through to successful completion, this track season should be a highlight of the 1941 sports program at Gould.

BERNARD BARTLETT

FOOTBALL

With a great deal of enthusiasm from the student body, and with six veterans back from last year, the 1940 football season at

Gould opened auspiciously. The starting line-up was as follows:

LE	"Sid" Howe
LT	"Whip" Abbe
LG	Earle Littlefield
C	Robert Perry
RG	"Virg" Adams
RT	"Reg" King
RE	Irving Cummings
QB	Erik Brown
LH	Winfield Wight
RH	"Bud" Ireland
FB	"Bud" Clough

Veterans from Gould's team of 1939 were "Whip" Abbe, Robert Perry, "Reg" King, Irving Cummings, Erik Brown and "Bud" Clough.

FOOTBALL SQUAD

Left to Right: Front row: Wilbur Bull, Sidney Howe, Erik Brown, Filmore Clough, Reginald King, Howard Grover, Robert Perry, Philip Cummings. Second row: Virgil Adams, Oliver Morton, David Hawkins, Elwood Ireland, Jr., Irving Cummings, Earl Littlefield, Vernon Bennett. Third row: Cleveland Lovejoy, Stanley Davis, Whipple Abbe, Winfield Wight, Norman Farrington, Jack Haines. Rear row: Thomas Jacobs, Glendon McAlister, Manager Nicholas Amato, William Grover, William Robertson.

The first game of the season was won by the "Huskies" in a decisive victory over Fryeburg Academy, wherein "Bud" Ireland made a beautiful sixty-five yard jaunt for six points. In the next game, with Bucksport, Fate laid a heavy hand on the Gould eleven, disabling early in the game their two key men "Bud" Ireland, and "Bud" Clough. Although the rest of the team fought gallantly to the end, the final score was Bucksport 7, Gould 0. In the following two games Gould lost to Norway and South Paris, respectively, but then came into its own with a hard-won victory over Wilton. Playing great ball, the "Huskies" ended the season by thoroughly trouncing their last two opponents, Newport, Vt., and Livermore Falls.

Gould 39	—	Fryeburg 14
Gould 0	—	Bucksport 7
Gould 7	—	Norway 7
Gould 7	—	South Paris 13
Gould 13	—	Wilton 0
Gould 25	—	Newport, Vt. 6
Gould 25	—	Livermore Falls 0

In the last analysis of the scores there is certainly cause enough to congratulate the 1940 team: Gould 109, opponents 47.

The team's weaknesses were: inexperienced backfield which proved weak on pass defense; weak passing attack until latter part of the season; lack of reserve strength.

The team's strength lay in a strong ground defense—only three touchdowns were made against the team by way of running plays; a strong running attack which functioned especially well in the last half of the season.

Those who deserve special mention for steady and exceptionally fine play are Irving Cummings, "Reg" King, and "Whip" Abbe, who were excellent in defensive play; "Bud" Clough, an outstanding fullback playing equally well on defense or offense; "Bud" Ireland, a master open field runner and a fine punter.

Blue and gold G's were presented to the eleven men in the starting line-up and Howard Grover, Wilbur Bull, "Phil" Cummings, and "Nick" Amato, Manager.

Underclassmen who show special promise in the future are "Win" Wight, Oliver Morton, "Dave" Hawkins, and Stanley Davis.

Veterans who will return next year are "Whip" Abbe, Earle Littlefield, "Virg" Adams, Irving Cummings, and "Bud" Ireland.

The 1941 schedule is nearly complete as follows:

Sept. 27	At Fryeburg Academy
Oct. 4	Gorham at Bethel
Oct. 11	At Norway
Oct. 18	South Paris at Bethel
Oct. 25	Open date
Nov. 1	At Newport, Vt.
Nov. 8	Livermore Falls at Bethel

ROBERT CLEMENT

1940 BASEBALL

The baseball candidates reported in the gymnasium soon after Easter vacation anxious to get into condition and out on our new field. However, we had another late spring and the fact that the diamond had yet to be cut out, made it necessary to use "Brown's Stadium" on the South Paris road for our early practices. This could be done only with the aid of the swimming team to fish the foul balls out of the brook. Gavel had most success along this line by putting four consecutive new balls into the deepest part.

The team shaped up fairly well in these two or three early outdoor practices and seemed to have benefitted greatly by the work done indoors. The Red Sox complex (lack of strength in the pitching and catching departments) was somewhat modified by having Jenks, Tucker, and Roberts pitching and Billings catching, after he recovered from a split finger suffered in the first outdoor work.

The infield of Swan, Clough, Wentzell, and Gavel worked well together and although the ground at Paris opening day bothered them, they played excellent ball throughout the season. Swan at short was particularly smooth and made some clever stops and plays.

The outfield did well with Capt. Tucker in center field to direct the play. Whenever it was necessary to call him to the mound though, it was a severe blow to the defensive strength of the outfield.

The battery candidates gained in experience from the first day of practice. Billings improved his throwing and general play and the opposition took few liberties with his arm. Jenks pitched well at times although he usually tired and needed relief before the full game was completed. He received the pitching assignment opening day at Paris and acquitted himself admirably in the early innings. He tired later as Paris just scored enough runs to squeek out a 9-8 victory. Roberts had a fast ball and used it

effectively against Mechanic Falls. Against Gorham though he made them too good, and Johnson and Kidder clouted homers off him in the second inning to give Gorham five runs. Tucker ambled in from center field here and pitched beautiful four-hit ball for the balance of the game. This lead was a little too much for the locals and they lost 8-7. Tucker relieved in many other games and with real success. Against South Paris in the last four innings he accounted for all twelve men personally, striking out ten and causing two to ground to him. Thus he wound up what might well have been the most remarkable baseball career of any Gould man in the history of the school, batting for .400 or over every

season and ending up one season with an unbelievable average of .513. Hence he was a tower of strength on the offense as well as the defense. This year finds him in the army in Hawaii and no doubt engaging in his favorite pastime on one of the teams there.

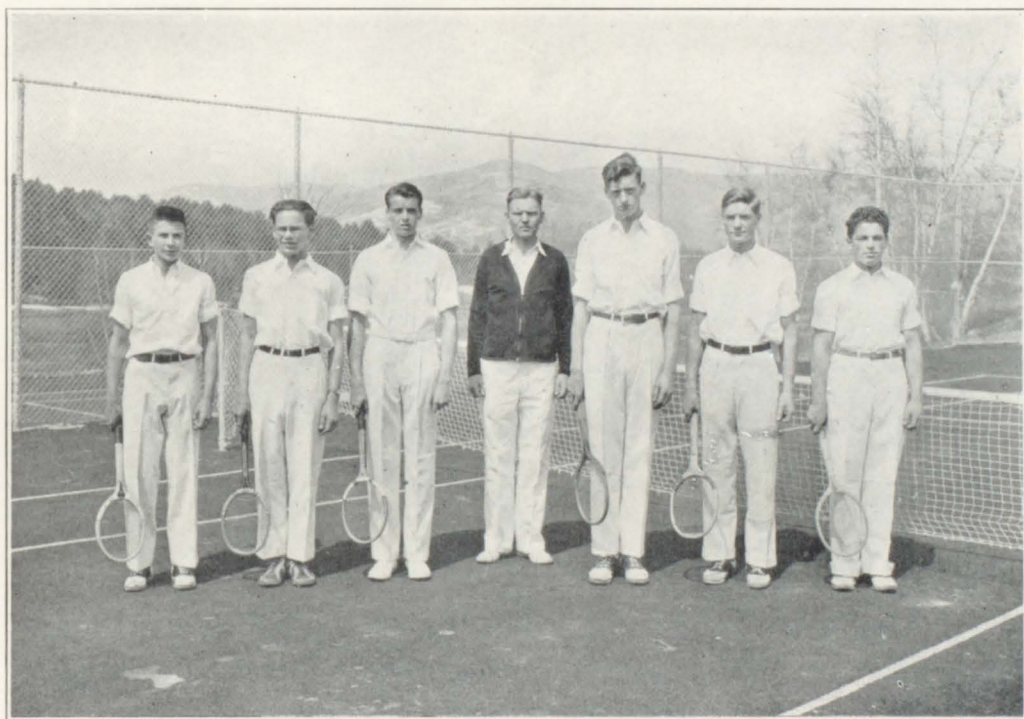

The season thus progressed with the team dropping four games, each by a single run, with only Fryeburg and the Alumni left. Both Tucker and Jenks were overworked and in poor shape from this vital game. Fryeburg, on the other hand, had won the league title the two previous years and with Howard (of one-hit pitching fame) still serving them up, were sure bets to repeat. This they did by giving Gould their only real licking of the year, 12-2. It was one of those days when everything seemed to go wrong.

The following day the team was strengthened by such post-graduates as "Phil" Smith, G. Smith, and Brooks for their final game with the Alumni. This proved a most interesting game with Brooks blinding the old grads with his blazing fast balls. The Alumni finally tied the score in the eighth and then broke loose in the ninth to score four times and sew up the game.

Substitutes who aided during the year were Adams, Baker, Coolidge, Cummings, and Angel who played a couple of games at first after Gavel had left school.

The scores were:

Winter Sports

The Gould Academy Ski Team, under the coaching of Mr. Chivers, climbed to new heights this year by winning the Western Maine Championship at Auburn and the Northern New England Championship at Andover. The team beat all its Maine rivals and was defeated only by Vermont Academy, whose coach incidentally was Mr. Warren Chivers, brother of the Gould coach.

The team began to prepare for winter sports in the middle of the fall. Under "chief-engineer" Chivers, a new 25 meter

(approximately 80 feet) jump was built at Swan's corner, and a slalom slope was cleared. Next year the jump will be rebuilt so that jumps of a hundred feet will be possible; the slalom slope will be enlarged and smoothed; and a downhill trail will be cut. This will make it possible to hold all the events at Swan's corner.

The highlight of the season was the three day trip to Vermont where Gould met the Vermont Academy and Dartmouth Freshmen Ski Teams at Saxtons River, and witnessed the jumping at Brattleboro. But the team had hard luck in the meet, with Ireland and Brown both falling in the jumping, and the cross-country runners were puzzled by new and unusual running conditions. Even the combined event, cross-country and jumping, which Mr. Chivers had added for our benefit went against us. But we did, however, show some signs of ability with Cummings placing second in the jumping, Bull fourth in the cross-country, and Ireland first in slalom and second in the downhill. We received some satisfaction in placing second, ahead of the Dartmouth Freshmen.

The Annual Winter Carnival Ski Meet, run this year by the newly formed Gould Academy Outing Club, was canceled because of rain. But no tears were shed for everyone had such a good time at the coronation of the Carnival Queen, Rachel Field, and at the Carnival Ball.

The Ski Team had charge of running the interclass competition. This meet turned out to be quite exciting with no class having a commanding lead at any time. The juniors started out with five points which they earned by selling the most Carnival tickets. But after the first day's competition in which the seniors picked up two points, the score stood juniors 36, seniors 33, freshmen 23, and sophomores 16. This was not much of a lead and everyone expected the seniors to pull ahead in the second day's events as they were thought to be especially strong in the downhill, relay and jumping. But the senior boys lost their flag in the relay, causing them to place

fourth whereas they otherwise could have won easily. This put the juniors in a more confident mood, so that they were able to hold their own in the other events. The final score was juniors 62, seniors 54, freshmen 40, and sophomores 24. The juniors can thank the girls for their victory as they were the ones who scored a majority of the points.

There were quite a number of champs on the Ski Team: "Bill" Bull, northern New England cross-country and combined champ; Malcolm Brown, northern New England slalom champ; Erik Brown, western Maine cross-country champ; "Bud" Ireland, northern New England jumping champ and western Maine downhill, slalom, jumping, and combined champ; and "Crash" Jacobs, "champion" talker, eater, and noise-maker.

Next year will find only Captain Erik Brown, "Bill" Bull, and Manager "Bill" Fillebrown lost from the team through graduation. Captain-elect "Bud" Ireland, "Blackie" Cummings, Virgil Adams, "Bud" Runyon, Malcolm Brown, and "Tommy" Jacobs will all be back to uphold the reputation earned this year.

Varsity Basketball

The loss of four veterans of last year's Western Maine Conference Champions in Earl Palmer, Guy Swan, Rodney Wentzel and Carl Tucker, left a tough assignment for the team of 1940-41.

Lee Hutchins was elected captain by the squad.

The Gould team went through the season winning 5 and losing 8. It proved to be an unlucky season because most of the games lost were close scores.

The season started off in grand style with the Gould team defeating the Alumni 48-31. The game proved to be a thriller with the score reading 17 all at the half, but the "Blue and Gold" came forth in the last of the game and finished out on top. "Sid" Howe, "Billy" Robertson, and Lee Hutchins led the scoring for the Gould team, while "Bob" Brown and "Charley" Smith were high scorers for the Alumni.

In the second game with the Alumni the Gould players proved to be the better team by winning 39-19.

The "Blue and Gold" met their first defeat when they played the Hebron Reserves. It was a close game with the Hebron team winning 38-35. The Gould team lost the next game to South Paris 28-59 but came back to defeat Norway by a wide margin of 41-12.

After this the Gould boys went into a bad slump, losing six games in a row. In spite of this they ended the campaign by defeating Oxford in their last two games 38-29 and 29-27.

In the entire season the Gould team scored 406 points to the opponents 428. High scorers were "Sid" Howe with 100 points, Amato with 80, Blanchard with 77, "Billy" Robertson with 49, Captain Lee Hutchins with 43 and "Bud" Clough with 41.

Members of the team who received their G's are as follows:

Captain Lee Hutchins, Mgr. Edward Bean, H. Blanchard, W. Robertson, N. Amato, S. Howe, "Bud" Clough, R. Morrill, P. Cummings, R. Lowe and T. Jenks.

Of all these men only "Nick" Amato and "Billy" Robertson will return for the 1942 team.

SECOND TEAM

The second team closed the season on even terms by winning 4 and losing 4.

The personnel is as follows:

Forwards—Wight, Cummings, Lowe.

Centers—St. Thomas, Morrill.

Guards—Wright, Coolidge, Jenks, Townsend.

The Gould second team was nosed out of their first game by a score of 26-25 in favor of the Alumni. George Adams and "Stubby" Wheeler were high scorers for

the Alumni, with 9 and 7 points respectively. Among the second team scorers, were Lowe, Wight, Cummings and St. Thomas.

The seconds then went forward to win from Woodstock, Norway and Fryeburg, but were nosed out by Gorham, N. H., and Woodstock in their next two games. They ended the season by defeating Norway and then losing to Fryeburg.

INTERCLASS GAMES

The Sophomores won the interclass championship by nosing out the Seniors 29 to 26 in the championship game of the series.

At one time during the series it looked as though there might be a three way tie between the Sophomores, Juniors and Seniors, but the Seniors nosed out the Juniors 41 to 40 which put the former out in front. It looked as though the Seniors would have the championship because they had to play their remaining two games with Freshmen who had yet to win a game. But the Freshmen won the first game which put the Seniors in second place. Then the

Seniors came back to win from the Freshmen which put them in a tie with the Sophomores, with each team winning 4 and losing 2.

Due to the tie, the Sophomores and Seniors had to play another game. In this game the Seniors were leading 19 to 14 at the half, but the Sophomores surged ahead in the last half to win 29 to 26.

HOCKEY

Manager, Marian Colby

Field hockey was added to the girls' sports this year. After a few weeks practice two teams were chosen and a series of games played. There were twenty-seven girls who got their points for hockey.

HIKING

Manager, June Chipman

Hiking this year proved to be popular, with sixty-three girls getting their five points toward their numerals, letter, or medal. The requirements for this sport are one supervised hike each week, with a five and an eight-mile hike, to be taken at the end of the hiking season.

GIRLS' VARSITY BASKETBALL

Left to Right: Front row: Muriel Messinger, Ida Clough, Hope Bean, Elizabeth Runyon. Rear row: Patricia Laverty, Marian Colby, Coach Dorothy Hanscom, Lucia Packard, Marian Wight, Hope Bailey.

HORSESHOES

Manager, Ida Clough

Twenty-three girls received points for horseshoes, fourteen getting three points and eight who played on the class teams earning five. The Senior class won the inter-class tournament, with Eva Deegan and Pauline Bean playing on the winning team.

TENNIS

Manager, Rachel Field

During the fall term a tennis tournament is staged. This is for all girls who have played tennis before and wish to compete. This year, at the completion of the tournament, Lucia Packard won first place with Betty Runyon and Peggy Proctor close behind her.

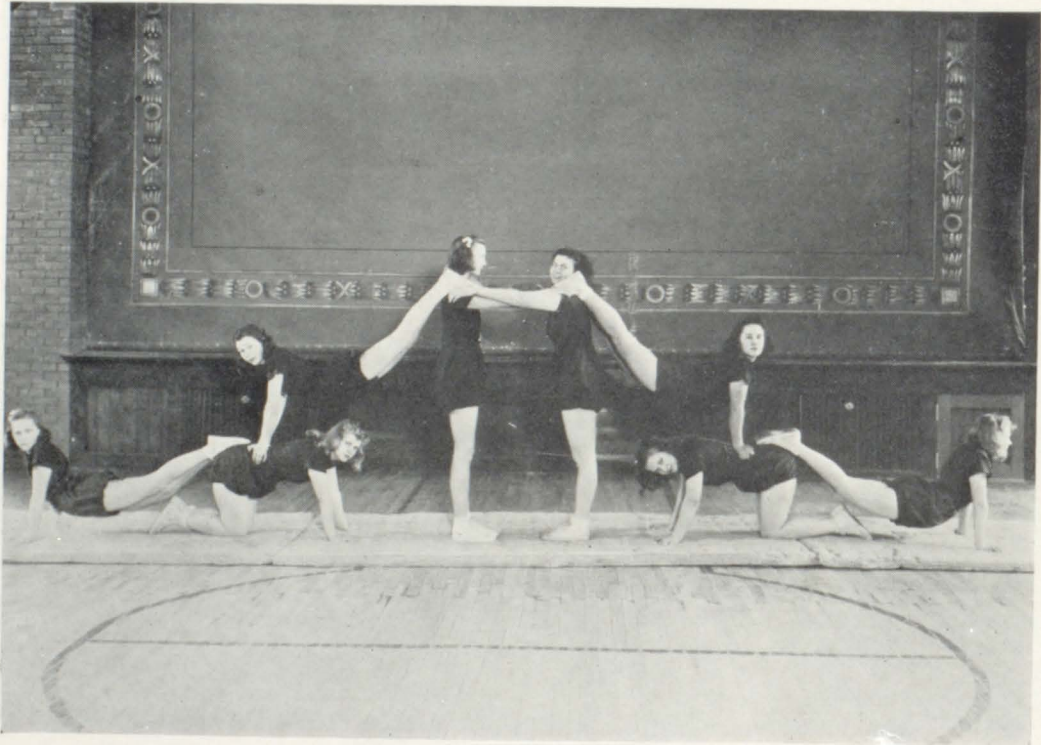

In the spring, instruction will be given to all those wishing it and a number of hours must be played by each girl before she is entitled to tennis points.

WINTER SPORTS

Manager, Nora Chipman

In order that a girl will get her points for winter sports, she must have a certain number of hours each week of either skiing, skating, snowshoeing, or hiking. Also, she must attend one supervised hike, skiing, or skating each week. She should also enter the carnival, but in case she doesn't, she must have two extra hours of one of the sports.

This year the girls were very enthusiastic until it was learned there would be no carnival; then everyone lost interest. Later,

GYM EXHIBITION

the carnival was staged and the girls entered, with the junior girls winning the most points.

BASKETBALL

Manager, Marian Wight

Basketball is, evidently, the favorite sport among the girls.

"A", "B", and "C" squads were chosen, "A" squad being, for the most part, varsity players and substitutes. This squad had, on an average, two practices a week. "B" squad practiced as often as was possible, averaging once a week.

VARSITY BASKETBALL

The girls' varsity team did not make the good showing of last year, although they tried just as hard. The team lost three of

the five games played. Everyone of the players was a good sport and a good loser.

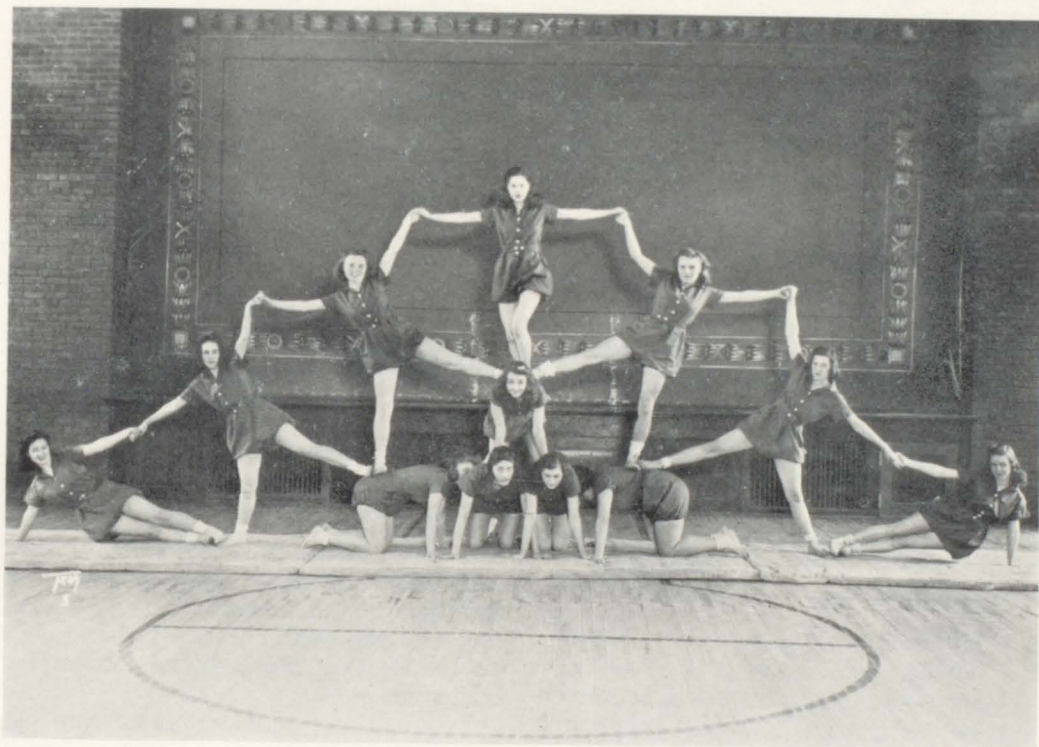

All those who were on "A" squad went in suit to most of the games. Of those fifteen girls the following will receive silver basketballs, as an award for playing on the team: Muriel Messinger, Marian Colby, Hope Bean, "Betty" Runyon and Ida Clough.

The following will have "1941" engraved on the basketballs won by them the previous year: Lucia Packard, Hope Bailey, and Marian Wight.

The girls who played on varsity attended a Basketball Play Day, March 15, in Rumford.

This year's high scorer was Marian Wight, with forty-seven points.

The scores for the games are as follows:

CLASS BASKETBALL

The class teams were elected and games played in the usual manner. No varsity players were allowed on any class team this year. The freshmen were given a seven-point advantage over the three upper classes.

Class teams are as follows:

Freshmen: Captain Margaret Chaffee, Marilyn Marshall, Anita Coolidge, Eva Lawry, Peggy Hanscom, Marilyn Abbott, Deborah Farwell, Isabel Kimball, Arlene Davis, Marcia Smith.

Sophomores: Captain Marion Chapman, Vera Leighton, Josephine MacMillan, Dora Gallant, Louisa Bacon, Nora Chipman, Ivy Philbrook, Alice Bennett, Kathryn Morgan, Carolyn Wight.

Juniors: Captain Emma Blake, Elizabeth Gorman, Patricia Lavery, June Enman, Herbertina Norton, Muriel Bean, Rachel Field, Margaret Stevens, Dorothy Fish, Helen Williamson.

Seniors: Captain Bette Littlefield, Lillian Leighton, Pauline Bean, Francine Warren, Joyce Abbott, June Chipman, Eva Deegan, Mary Jodrey, Barbara Luxton, Joyce Swan.

The tournament was played off, the Senior Class earning the championship, having won all of the six games played.

High scorers were:

Freshmen	Margaret Chaffee
Sophomores	Marion Chapman
Juniors	Patricia Lavery
Seniors	Lillian Leighton

VOLLEYBALL

Manager, Pauline Bean

After a few weeks' practice, teams will be chosen and the tournament staged, in the same manner as basketball. Eight or nine girls will be "regular" and a few more acting as "subs".

For the championship to be determined, the games will be played and the team that wins the largest number will be called the champions.

SOFTBALL

Manager, Emma Blake

Here, the same as basketball and volleyball, teams will be chosen after the girls have practiced for a few weeks.

Softball is usually very popular.

POINT SYSTEM

In each sport a number of points is given for taking this activity and completing its requirements. An additional number is given for a girl's having played on a class team. Usually, three to five points are given for taking the sport and five to seven for playing on the team. Ten points are given for playing on Varsity Basketball. These points are accumulated and when the girls has thirty points she is awarded numerals; when she has twenty more, a "G". Upon her graduation, providing she has seventy-five points, she is presented with a medal. The Faculty and the Athletic Council vote as to whether she should get the award. In addition, she must have a rank of at least 75% in all her subjects. A medal is the highest award for sports that a girl can receive during her four years.

GYM CLASSES

In early spring a gym exhibition is usually given. This year twelve girls were chosen from each class and the groups worked together to produce an entertaining exhibition.

LILLIAN LEIGHTON

New Field House

Last summer a new field house was started to take care of the recreation of all the students during the long months of fall, winter, and spring. It is not being built to get better athletes, but for the physical development of the students.

The students will not only receive physical attention but also very good medical care, which will be second to none in New England. The doctor's quarters will take up a separate part of the building. It will include a laboratory, doctor's office, waiting room and examination room.

There are many other conveniences in the field house. There is a boiler room, shower baths, and locker rooms for both

our boys and visiting teams. There are also special rooms for coaches and officials, hand ball, squash, badminton, volleyball, and plenty of space for the storage of equipment. The main part of the building is a hundred and fifty foot square enclosed field. The playing field will be large enough for an infield with some space left for an outfield. During the winter a floor will be placed in the large square for use in basketball. There will also be a track around the inside of the enclosure.

No school in the country will be better equipped to meet the physical needs of its pupils than Gould Academy upon the completion of this new field house.
